BOERS SEND AN ULTIMATUM.

Demand Removal of Certain British Land Forces From South Africa.

Hostilities Will Commence at the First Act of War -- Transvaal Takes the Initiative in Forcing an Issue -- Serves notice on John Bull to Get Out -- The Lion is Lying Low to Await Developments and Take Advantage of Any Mistakes of the Enemy.

By Associated Press to the Journal. CAPE TOWN, Oct. 10.—The Transvaal government has sent an ultimatum to Great Britain.

LONDON, Oct. 10.—A news agency publishes the following from Pretoria:

"An urgent dispatch has just been handed to Conyngham Greene, the resident British diplomatic agent, requesting an explicit assurance of withdrawal within 48 hours of all the British forces landed in South Africa since the Bloemfontein conference."

According to the latest advice the time limit expires tomorrow afternoon at 5 o'clock, when, if the demands of the Boers is not complied with, further landing or dispatch of troops will be considered an act of war and hostilities will commence.

The fact that the Boers have taken the initiative is regarded as rendering the situation more serious and increasing the hopelessness of averting warfare.

LONDON, Oct. 10.—The sensational announcement that the Transvaal government had handed a definite ultimatum to the British diplomatic agent at Pretoria, has caused a rapid slump in the hopes of those who believed diplomacy would yet save the situation.

A part from this, the news today shows that so long as the Boers remain inactive Great Britain will continue to adhere to her present persuasive methods.

LONDON, Oct. 10.—The Transvaal ultimatum contains four demands. To these demands is appended a time limit for reply. "This government presses for an immediate and affirmative answer before or upon Wednesday, October 11, not later than five o'clock p. m. In the unexpected event of an answer unsatisfactory being received within the interval, it will be compelled to regard the action of her majesty's government

as a formal declaration of war and in the event of a further movement of troops occurring within the above mentioned time, in nearer direction to our borders, this government will be compelled to regard that also as a formal declaration of war."

PERSONALS

Arthur Lawrence was in town today. Mrs. W. T. Williamson returned home from Portland today.

W. T. Welch, Sr., of Englewood, who has been quite ill, is improving.

Mrs. M. P. Brown, the artist, went to Albany today on professional work.

Rev. G. A. McKinley and J. M. Skaffe, of the Zion church, went to the Albany Presbytery today.

C. H. Boynton of the Tacoma Ledger is in the city attending court, and the guests of Mr. and Mrs. J. W. Gunn.

Miss Grace Blakely of Brownville who has been the guest of Miss Lois Coshaw, returned to her home today.

Mr. and Mrs. E. A. Brooks, who have been visiting at Salem for three weeks, left today for Turnpoint Light Station, Wash.

Ensign N. Mathison in charge of Salvation army work for Salem, Albany, Eugene and Corvallis went to visit those cities today.

Miss Ethel Williams, daughter of General Geo. H. Williams of Portland, came up today and is the guest of Miss Gusie Lowndale.

J. Denyer of Turner was in town today. He agrees with Journalist John Bull should keep his hands off the Transvaal republic.

Prof. Parvin went to Albany today. This is his sixth year at Albany and his hold on the musical community there has steadily grown.

Miss Lenore Brooks, who has been the guest of her sister, Mrs. R. H. Leabo and Miss Florence Steiner, returned to Portland today.

Atty. Roger B. Sinnott and N. J. Sinnott, and their sister Mrs. Fish of the Dalles, are among arrivals, in the city today to be present at the Lowndale-Sinnott wedding Thursday.

Thos. P. Welch returned to the Albany court house work today. They will get through in six months. Welch Bros. have also built a nice cottage for Jesse Galbraith, at Albany.

No Race Today.

By Associated Press to the Journal. NEW YORK, Oct. 10.—On account of heavy fog, and there being no wind, today's race has been declared off.

1899 Wheat Crop.

By Associated Press to the Journal. NEW YORK, Oct. 10.—The total wheat crop for 1899 is estimated by the American Agriculturist at 565,350,000 bushels, grown on 45,251,000 acres. The average yield per acre is placed at 12.5 bushels.

Crossing the Rockies.

The most delightful ride across the continent is through Utah and Colorado, even what is known as "The Scenic Route of the World." It matters not at what season of the year the trip is made, at no time does the scenery grow monotonous. It is an ever changing panorama of the beauties of nature. One must in passing through gorges, valleys, and the next you are above the snow line, skirting peaks that tower above you until they seem almost to reach the sky. One of the characteristics of the Colorado climate is that the extremes of temperature are never met with. It is neither so cold in winter nor warm in summer, as upon the lines of railways which cross the deserts and plains. The traveler over the Rio Grande Western also has the privilege of a stopover, if he so desires at Salt Lake City, or anywhere between Ogden and Denver, on all classes of tickets.

For information as to rates, etc., see descriptive pamphlets, call on the nearest Ticket Agent of the O. R. & N. Co. or Southern Pacific Co., or address: J. D. MANSFIELD, Gen'l Agt., Rio Grande Western Railway, 142 Third street, Portland, Oregon.

Eat plenty. Kodai Dyspepsia Cure will digest what you eat. E. R. Gamble, Vernon, Tex., says, "It relieved me from the start and cured me. It is my everlasting friend." Stone's Drug Store.

Grip is slaying thousands of victims. Dr. Miles' Nervine is curing thousands.

GOMPERS.

Says Laws Against Trusts Would Result in Labor.

By Associated Press to the Journal. NEW YORK, Oct. 10.—A special to the Herald from Washington says Samuel Gompers, president of the American Federation of Labor, has written an editorial

FRESH CANDY AND CREAMS.

Just received a new line of fresh up-to-date candies which together with my fresh home made chocolate creams make a nice assortment from which to select. Call at the Bon Bon 128 State st. and get a supply for yourself and best friend.

itorial taking strong grounds against anti-trust legislation.

He is convinced the government is not capable of preventing the legitimate development of the natural concentration of industry and that propositions to do so would react with greater injury upon the working people than trusts.

PLEASING VAUDEVILLE SHOW.

"Vanity Fair" Amuses a Marquand Grand Audience.

The Portland Telegram says: "Vanity Fair" proved a most pleasing attraction to the patrons of the Marquand Grand last night, and it was a performance that brought roars of laughter even from the parquette and boxes.

There is no plot to "Vanity Fair" but there is a most entertaining potpourri of specialties.

The performance opens with a most laughable burlesque on the "Trip to Coney Island." This act brings out nearly the full strength of the company, showing a number of handsome girls who can not only sing and dance well but are fairly well up in the art of acting.

Worthy of special mention is the turn of C. W. Williams, the ventriloquist, who is really a top-notch man in his line and a whole show in himself. Carlin and Brown do some clever German comedy work, and Albert and Belle Williams brought much applause with their comic turn. Kittie Harbeck and Williams were well received with their slack wire and contortion act, while the Misses Hawthorne and Parsons earned several recalls in their singing.

There is plenty of horse play and broad humor in the performance, but all within the confines of decency.

Patton Bros. will play the "Vanity Fair" Co. Thursday evening of this week.

The Special Trains.

The trains bearing the Dakota volunteers reached Salem late this afternoon. They were due here for breakfast. People were waiting with refreshments at the depot all day.

The exposition flyer of ten coaches did not get away from Salem until 7:15 p. m. and carried 102 Salem passengers.

ABOUT VACCINATION.

A Physician Opposed to the Use of Virus Written to the Examiner.

As the smallpox talk has started the crusade to have all children vaccinated, we give place to the following article from the San Francisco Examiner, from an "Anti-Vaccination Medicalist."

"My attention has been drawn to an article signed 'Believer in Vaccination,' which lately appeared in valuable journal in answer to an anti-vaccination article of mine.

His query was: 'Please inform me how vaccination with pure virus from the cow can produce the certain diseases named?' This gentleman must know that there is no such thing as 'pure virus'; either it is a misnomer or a false pretense. The fact that 'Believer in Vaccination' 'never heard,' as he says, of vaccination producing such diseases as were mentioned, does not alter the fact; possibly there may be other truths of which he has never heard. 'Where ignorance is bliss, 'tis folly to be wise.' To explain the many reasons for the production, by vaccination, of such dire results as were named, is beyond the province of an ordinary newspaper article, but for the edification of 'Believer' and others who have 'never heard,' we will mention several late and well-authenticated instances of the inefficiency of this barbarous practice and of the damage resulting from its use.

Mr. Chapman, member of the English House of Commons' stated in a speech lately that at Hull, England, out of 83 cases of smallpox 52 showed indubitable evidence of former vaccination. At Calcutta, India, out of 160 children lately vaccinated 90 developed scum shortly afterward. In Naxos, near Strassburg, during June last, according to the Stuttgart 'Medical Journal' for

An Exchange of News.

Tell us what you think about eye-glasses and we'll tell you what we know about them and a good many interesting facts about eyes and their treatment. What we have done and what we are doing to better the condition of those with weak sight can be judged from our success. We have the skill, experience and facilities for testing the eyes and fitting glasses and frames.

HERMAN W. BARR S. O., Graduate Optician 118 State St.

August, 1899, there was a regular panic among parents in that town because of violent eruptive fevers which took hold of all the newly vaccinated children, many of whom died therefrom, and others developed large and deep ulcers in their soft parts, which have left terrible openings therein. Also, at Sals, in upper Alsace, many arms were amputated because of the same cause. If professional ethics did not prevent, many instances of the same general sort, occurring right here in San Francisco, might be narrated. If 'Believer' will diligently seek for facts, rather than theories, he will probably find there are many things in relation to the evils of vaccination of which he has 'never heard.'

SEWING MACHINE CASES.

Come Up in Circuit Court and Verdicts Go to Defendants.

The cases in which T. H. Lechler was plaintiff and A. D. Hall, O. Pomeroy and C. C. Hall, respectively, were defendants, came up in Department No. 1, of the circuit court this morning, and were all decided in favor of defendants.

These cases were appealed from justice court where the defendants also got verdicts.

Each case was given a jury trial in the circuit court this morning, and the jury in each case brought in a verdict giving the ownership of the machine to the defendant, and also giving defendant a verdict for an amount of \$2.45 to \$3.

The attorneys for the prosecution claim that they were not given notice when the cases were coming up, and were not given time to get their witnesses. The case will probably go to the supreme court.

A Woodburn Case.

Jacob Miller, of Woodburn, was arrested and tried Monday on a charge of compounding a felony. It grew out of a watermelon stealing case. It was tried before Justice H. E. Hayes. Deputy District Attorney Chas. McNary appeared for the state, and F. G. Ely for the defense. Mr. Miller was acquitted.

Recorder's Court.

Jas Smith got on a tear Monday and spent the night in the tanks. This morning he was released by Recorder Judah on \$10 cash bail, his trial being set for 10 o'clock Wednesday.

Hops and Wheat.

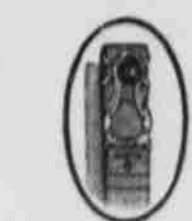

The Pamon brought down 100 bales of hops and 60,000 pounds of wheat from the Pettijohn farm on her last trip. The wheat is stored in the mill.

EVER-GREEN

State Volunteers Arrive.

Given a Rousing Reception at San Francisco.

Situation Looking More Favorable at the Front.

By Associated Press to the Journal.

SAN FRANCISCO, Oct. 10.—The first Washington volunteers and other soldiers on the transport Pennsylvania were landed this morning. The soldiers were given a fine reception.

After breakfast they marched to the presidio. The route took them through the business section of the city, and all along the line they were received with wild hurrahs, blowing of whistles and firing of cannon. On Van Ness avenue the regiment was reviewed by General Shafter, Governor Rogers, of Washington, and Governor Stanley, of Kansas.

The soldiers will remain here for some time. Arrangements have been made to take them to their homes in special trains, provided by Levi Ankeny, the Walla Walla millionaire, who has a son in the regiment.

MANILA, Oct. 10.—Schwan's column

moved early this morning from Santa Cruz de Malabon and is now in San Francisco de Malabon, not meeting with very determined resistance. Matters are quiet in the Iloilo section.

General Young, with a column starts northward tomorrow morning from San Fernando. Col. Bell cleared the country yesterday west of Guagua, to Florida Bataana, making captures of officers, men and property.

A REPUBLICAN

Talks of the Effect of Demonetization of Silver and the Gold Standard.

W. V. Kountz, of Halsey, was in town today. He has been doing business in Linn county since 1872. He was an Aline Lincoln Republican, and was formerly a bimetalist. He says: "It was no doubt an injustice to the people to demonetize silver and make it

a mere token money. It would be a greater injustice to the people to restore it, because the silver is now nearly all in the hands of the capitalists and they would get the benefit.

"Demonetization of silver has stimulated gold mining to such an extent that the increased product in all countries will supply a sufficient volume of metal for coinage purposes. The present standard and the tariff should not be disturbed for at least twenty years, and give our industries and business interests a chance to become firmly established."

Runaway.

On last Saturday evening Joe Marnack was unloading a barrow in front of the blacksmith shop near the big bridge when his team became frightened and ran away and upon the big bridge came in contact with another wagon, which was badly demolished. The team stopped and while Mr. Marnack went to the shop to get a few repairs some one stole about \$20 worth of tools and other articles besides one of his spring seats from the wagon.

Returned With a Bride.

L. D. Estes went to his home at Cottage Grove today. He is a staunch young native Oregon farmer and carpenter and has just secured a helpmate for life in the person of Miss Nettie M. Cook, daughter of Mrs. E. Cook, of Newberg, who on last Thursday consented to become Mrs. Estes. The young people will go to house keeping.

AN INACTIVE LIVER

This always means trouble. The tongue is coated, the appetite poor, the digestion weak, the blood thin, and the nerves irritable.

The Bowels are Always Constipated

Ayer's PILLS

Get directly on the liver. In inactive cases such night they will regulate the bowels, take the coating off the tongue, cure biliousness, and prevent skin blemishes. 25 cents a box.
